

Wright, Johnston & Mackenzie LLP

Confused by Legal Jargon? Don't be!

webcheck /wɛbtʃɛk/ n:

1. A legal compliance service for your website
2. Peace of mind for you

You may think the internet is free from regulation, but in fact it is now one of the most highly regulated environments in which you can advertise or sell your product or service. You can't avoid this red tape, but you can take good advice to make sure you don't become tangled up in it.

We're delighted to provide this easy-to-use service in association with blot design. For a fixed fee agreed with you in advance, we'll work with you and blot design to ensure your website meets legal requirements, including drawing up terms and conditions, privacy policies and disclaimers for your site.

WJM's lawyers are well known in the Scottish business community for their work in e-commerce and IT.

We pride ourselves in giving straight-forward, pragmatic advice. We also like to speak plain English, not jargon! And we're also happy to give a free initial webcheck consultation - please contact Angus MacLeod: agm@wjm.co.uk for details.
